“Let Earth Receive Her King”

We are very proud of our students who performed in our special Christmas program “Let Earth Receive Her King.” The play not only recognized the birth of Christ, but also His purpose for coming, His plan to return, and why all who dwell on this earth should receive Him as their personal savior.

It was amazing how well each child spoke his/her part loudly and clearly and sang the songs so meaningfully to further express the truth and joy! It was a wonderful experience for each child.

The audience was highly engaged and commended the children on their performance. We deeply appreciate all who attended.

You may review the program at: <https://www.facebook.com/StellieJJacksonEnrichmentCenter>

Recognition For A Special Young Lady

The SJJEC is very proud to announce that one of our former tutors of the center won a community award for her outstanding work at SJJEC. This award, the *Heart of Giving Award* which was presented by the United Men’s Club of Clover in partnership with the Alpha Kappa Alpha Sorority, Incorporated®, Omega Tau Omega Chapter. Ms. Jamiyah White, received this recognition for her outstanding work at SJJEC.

Ms. White, a student at Frances Marion University was a volunteer at SJJEC for two years and later became a full-time employee. Ms. White was extremely reliable and well informed of the latest teaching techniques. Furthermore, she was well liked and respected by her students. She developed a supportive relationship with each student, and she worked well with their parents.

Well deserved Jamiyah!

Small Community Project of York County Recognizes The Stellie J. Jackson Enrichment Center

The Stellie J. Jackson Enrichment Center received recognition from the York County Council *Small Community Project*. Councilwoman Allison Love was instrumental in helping to secure this recognition. She was inspired by the center's work and initiated the grant.

We express our deep appreciation to Ms. Love and the York County Council. After receiving the grant, we were recognized by the York County Publication Office.

The taping of this interview can be viewed on the Stellie J. Jackson Enrichment Center's Facebook page.

SJJEC Director Receives Award

SJJEC Director Liz Johnson received the Samuel Thompson Community Award for her work with the center. Liz said, "I was totally surprised when I was recognized to receive the award." The award was presented by the United Men's Club of Clover in partnership with Alpha Kappa Alpha Sorority, Incorporated®, Omega Tau Omega Chapter.

Since September 2011, the enrichment center has been active in the community. The center has increased services to youth, assisting them in moral, spiritual, and academic development. The center's enduring success comes through the support of the board of directors, staff, donors, supporters, and volunteers.

Each year, the number of persons interested in volunteering increases. These individuals offer their talents and knowledge to enhance the overall program. The center is thankful to the YMCA, the town of Clover, Clover School District, the Clover Rotary Club and the Roosevelt Community Watch. We are also thankful to our local churches, businesses, and organizations who offer support.

Thank You!
